## **About Calculators in the Test Delivery System**

Students may use the online embedded calculators for some Mathematic items in the Smarter Balanced Assessments in Grades 6 and above, and segment one and two of the Algebra I and Algebra II End-of-Course (EOC) Exams.

The Desmos HTML5 calculator is used by millions of students around the world and can be accessed from the web, or on iOS, Android and Chrome apps. This calculator is fully accessible at the WCAG 2.0 AA level (optimized for blind and visually impaired students).
